integration exercise

Daniel Jackson · Autodesk, Boston · March 17-18, 2025
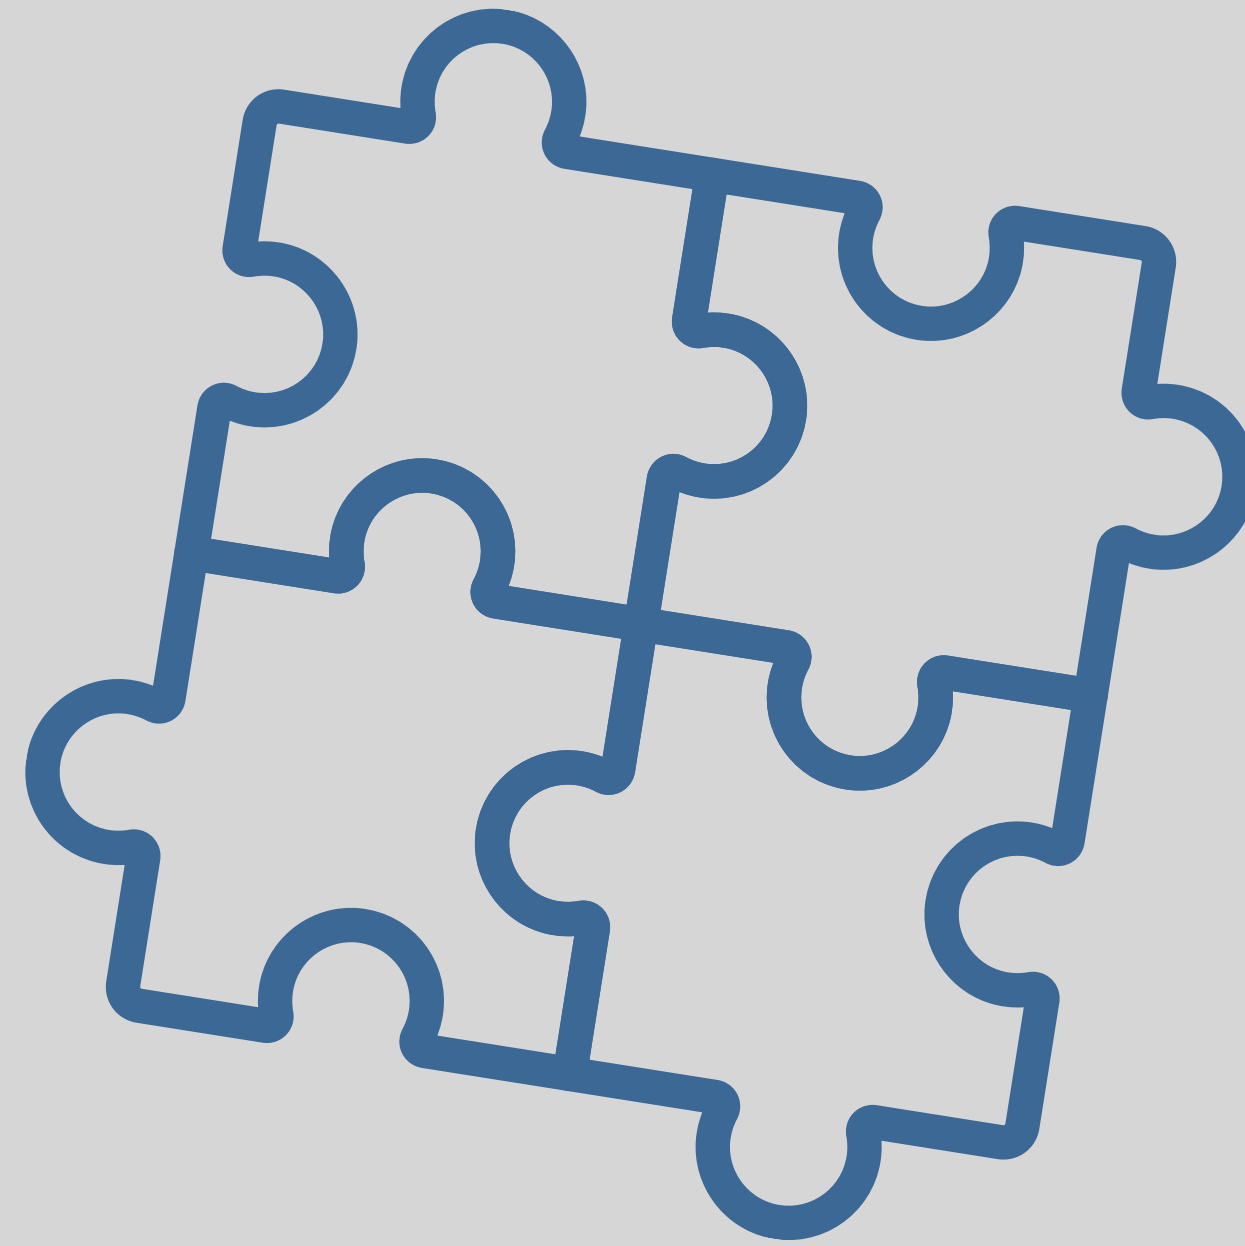

how do products fit together?
which functions require integration?
what concepts are involved?
what new concepts needed to support this?

value
what value might Site
or other integration
concepts bring to
your product?
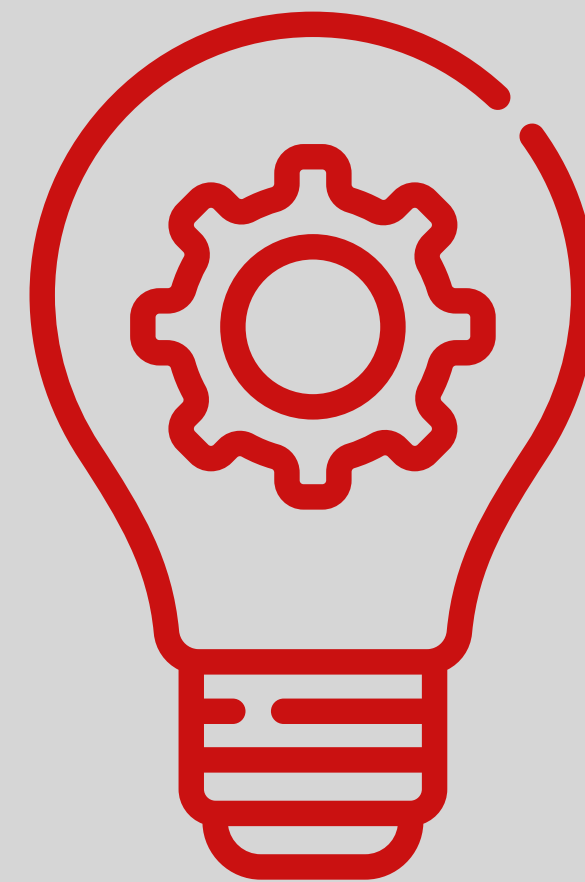

concept
what ideas do you have
about the Site concept?
refinements of purpose?
story relevant to your product?
states or actions you need?

obstacles
what obstacles do you see
for the Site concept,
and for integrating it
with your product?

session plan

time	activity
10 mins	Unified Design team presents
5 mins	everyone else asks clarifying questions only
30 mins	each team discusses design of the Site concept
30 mins	each team edits vision slide from last session and new slide

one slide/team, at **https://tinyurl.com/ad-integ**
