day two reflections

Daniel Jackson · Autodesk, Boston · March 17-18, 2025

congratulations on completing the workshop!

first, a quick survey

https://tinyurl.com/ad-day-two-feedback

second, an open discussion

what did you learn from this workshop?
any change of perspective?
new ideas? new takes on old problems?

what do you need to use concept design effectively?
any aspects unclear or needing further explanation?
skills that need more practice?
support you need?

how might Autodesk use concept design?
to benefit its products?
to enable roles to communicate?
to make your work more satisfying & enjoyable?
